RATE SCHEDULE

ENHANCED LIFELINE SERVICE

A. APPLICABILITY

The rates and terms specified herein apply to residential customers who meet the eligibility requirements for Enhanced Lifeline

B. RATES

Monthly Recurring Rate

All Exchange Areas

\$.00

The reductions from the local residential service charges are from state and interstate universal service funds.

EXPANDED LINKUP ASSISTANCE

A. APPLICABILITY

The rates and terms specified herein apply to all residential customers who meet the eligibility requirements for Expanded Linkup Assistance.

B. RATES

Expanded Linkup is available only to qualifying low income customers residing on Tribal Lands. Expanded Linkup support provides for a 100% reduction of a qualifying subscriber's initial connection charges up to a total maximum support amount of \$100 per qualifying low income subscriber. The supported services under this section do not include charges assessed for facilities or equipment that fall on the customer's side of the demarcation point, i.e. customer premises equipment and inside wiring charges.

INTERIOR TELEPHONE COMPANY

DIGITAL SUBSCRIBER SERVICE (DSS)

A. APPLICABILITY

1. The rates and terms specified herein apply to business customers where facilities and conditions permit.
2. A terminating trunk is a one-way trunk which allows only traffic from the central office to be transmitted to the customer's CPE.
3. An originating trunk is a one-way trunk which allows only traffic originating in the customer's CPE to be transmitted to the central office switch.
4. A two-way trunk is a trunk which allows for traffic to be transmitted from either the central office or the customer's equipment.
5. A terminating trunk with direct inward dialing (DID) feature requires a DID trunk circuit termination.
6. A two-way trunk with DID requires a DID trunk circuit termination.
7. Initial service order provision charges are to establish a digital access for a DS-1 facility and the first digital trunk. Additional trunks are billed a per trunk non-recurring charge.
8. The non-recurring charge is assessed for changes to existing service in the DS1 trunk group.
9. Digital subscriber service trunks are provided over high-capacity (DS1) digital circuits.

B. RATES

DSS will be provided at the rates and charges listed below.

	<u>Non- Recurring Charge</u>	<u>Monthly Recurring Charge</u>
DS1 Channel Termination and equipment per 24 channel facility	\$500.00	\$465.00
Initial installation of DS1 trunks/trunk groups Includes engineering, installation and testing	\$950.00

RATE SCHEDULE

INTEGRATED SERVICES DIGITAL NETWORK (ISDN) – PRIMARY RATE INTERFACE (PRI)

A. APPLICABILITY

The rates and terms specified herein apply to all classes of service within the exchange areas

There are two types of rates and charges. They are monthly rates and non-recurring charges. The minimum billing period for PRI service is one month.

Non-recurring charges are one-time charges which apply to specific work activity, i.e., new install charges or changes to an existing service. The type of additional non-recurring charges that will apply for PRI are engineering costs or central office translations time incurred when any customization is made to a PRI arrangement. Non-recurring charges apply to the following: initial installation, installation of additional PRI in the same arrangement as the initial PRI, digital subscriber service (DSS) conversion to PRI using the same facilities, and moves of the PRI to a different central office are considered a new installation.

The charges for these services are in addition to all other applicable rates and charges.

B. RATES

	Non- Recurring <u>Charge</u>	Monthly Recurring <u>Charge</u>
1. Basic PRI (23B + 1D channel)	\$1,450.00	\$931.55
2. Fractional PRI (7B + 1D channel) Additional Channels*	\$1,450.00	\$285.00 \$ 42.00
3. Nonrecurring Change Charges apply as follows: - All miscellaneous changes, reprogramming, or customization of facilities, per facility, per half-hour	\$45.00	

4. Term Discounts

The following discounts will apply to the monthly recurring charges available to ISDN-PRI customers who meet the term requirements.

Discount Schedule:

1 year	15%
3 year	25%
5 year	30%

The non-recurring charges are discounted 50% when service is obtained in conjunction with a term service commitment or 100% when service is obtained in conjunction with a 3 or 5 year term service commitment.

If the customer chooses to disconnect all or a portion of the service prior to the expiration of the term discount period, discontinuance charges will apply to the portion of the service being disconnected. Discontinuance charges will equal one hundred percent of the total undiscounted monthly rates, less any amount previously paid, for the period the service was discounted.

*Nonrecurring Change Charges apply to additional channels added after initial installation.

RATE SCHEDULE

SCHOOLS AND LIBRARIES

A. APPLICABILITY

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix below is presented for calculating discounts to those qualifying entities.

B. RATES

School & Library Discount Matrix	Discount Levels	
	Urban Discount	Rural Discount
How Disadvantaged - % of students eligible for national school lunch program or other federally approved programs		
< 1	20%	25%
1 - 19	40%	50%
20 - 34	50%	60%
35 - 49	60%	70%
50 - 74	80%	80%
75 - 100	90%	90%

Intrastate discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 CFR, Part 54.

Cellular/Mobile Trunk	\$ 4.00	
Type 1 Service		
100 numbers	\$60.00	\$150.00

INTERIOR TELEPHONE COMPANY

RATE SCHEDULE

TRANSPARENT LAN SERVICE (TLS)

A. APPLICABILITY

1. The rates and terms specified herein apply to all classes of service within the exchange areas where facilities and equipment are available.
2. The initial order for TLS must be for a fixed service period of one or three years. At the end of the initial service period, the customer has 30 days in which to select an additional term commitment for any of the service periods specified, or may elect the month-to-month option. If the customer does not sign a term commitment by the end of the 30 day period, the customer will automatically be charged the month-to-month rate.
3. A subsequent order to add any ports to an existing TLS network must be for a fixed period of one, two, or three years, or for the remainder of the customer's existing fixed period service agreement. The minimum service period for additional TLS is 12 months.
4. Monthly TLS connection port charges may vary depending upon bandwidth purchased. Ports are priced at the rate for the total number of ports purchased for the term of the agreement. For example, if a customer purchases three 2 Mbps ports and two 5 Mbps ports, the customer is purchasing a total of five ports. The rates applied are three 2 Mbps and two 5 Mbps rates at the 5 port level. Customers with 10 or more ports shall pay the 10 port rate.
5. If a fixed period agreement is terminated prior to the end of the period, the customer is responsible for reimbursing the Company the difference between the rates actually charged and the rates that would have been charged, including any discounts received, had the actual period been the original service period, plus a 10% finance charge, compounded annually. For example, if a customer agrees to a three-year term and cancels service after one year, the Company will charge the customer the difference between the three year rate and the one year rate for one year, plus the 10% finance charge.
6. If a Line Loop Extender is required the monthly charge will be determined on an individual case basis.
7. If the Company elects to substitute a customer's TLS to a mutually agreed upon service provided by the Company, then the customer will not be subject to the termination provisions as outlined above.
8. If the customer reduces either the number of ports, or total bandwidth, below 70% of their initial fixed period service agreement, the terminated ports will be considered a termination of the fixed period service agreement and reimbursement will be due the Company pursuant to A.5. above on the discontinued ports or bandwidth. In service port(s) will be re-rated based on the total number of remaining ports.

INTERIOR TELEPHONE COMPANY

RATE SCHEDULE

TRANSPORT LAN SERVICE

9. If a customer increased the number of ports after executing the initial term of service agreement, they have two options.

Sign a fixed term agreement for the additional ports; or

Request that the new ports be added to an existing fixed period agreement based on the total number of ports in service.

10. A 50% discount will be applied to nonrecurring charges when customers agree to at least a one-year commitment for either the initial or modified service.
11. Rates are prospective only when re-rating of fixed term agreements occur because of adding ports, deleting ports, increasing bandwidth, decreasing bandwidth or extending fixed term agreements.

B. RATES: Cold Bay, Cooper Landing, Fort Yukon, Galena, Iliamna, King Cove, Port Lions, Sand Point, Unalaska

RATE SCHEDULE

ALASKA UNIVERSAL SERVICE FUND SURCHARGE

A. APPLICABILITY

The Alaska Universal Service Fund (AUSF) Surcharge is a line item surcharge on intrastate end-user billings to provide for payment to the Alaska Universal Service Fund. The Alaska Universal Service Fund provides:

1. Financial assistance known as dial equipment minutes (DEM) weighting to local exchange telephone companies of less than fifty-thousand (50,000) access lines that qualify for assistance under the requirements set forth by the Commission at 3 AAC 48.430; and
2. Such other purposes as may be designated by the Commission by regulation.

B. RATES

The company concurs in the AUSF surcharge percentage set forth in the currently effective tariff of the Alaska Universal Service Administrative Company.

REGULATORY COST CHARGE

A. APPLICABILITY

The Regulatory cost charge is a line item surcharge on intrastate end-user revenues to provide payment to the Regulatory Commission of Alaska under AS 42.05.254. The surcharge is used to fund the annual budget for the Regulatory Commission of Alaska.

B. RATES

	<u>Monthly Recurring Charge</u>
Regulatory Cost Charge	1.232% of billing

The company concurs with the current surcharge percentage. Rates are reviewed and adjusted by the Regulatory Commission of Alaska on an annual basis.

UNIVERSAL ACCESS SURCHARGE

A. APPLICABILITY

The rates and terms specified herein apply to all customers within the local exchange areas.

The monthly recurring charges for this service are in addition to all other applicable rates and charges.
